v.

JON KARL THOMPSON

MOTION TO CONTINUE AUGUST 8,  
2016 EVIDENTIARY HEARING AND  
TO ALLOW POLYGRAPH  
EXAMINATION

At the request of the respondent, Standby Counsel respectfully moves this honorable Court for an Order continuing his August 8, 2016 4248 evidentiary hearing three to four months and for an Order requiring FCI Butner to permit polygrapher Robert Drdak entry into the facility to meet with the respondent at a time that works for both the facility and Mr. Drdak. 2. Respondent also requests a three to four month continuance so that he can have additional time to prepare for the evidentiary hearing.

3. Standby Counsel has contacted AUSA Matthew Fesak who opposes this continuance and he lists his reasoning below:

Petitioner opposes Respondent's motion for a continuance for purposes of submitting to a polygraph examination on the grounds that the results of a polygraph are neither relevant nor admissible in this proceeding as evidence to contradict the fact of Respondent's guilty pleas. See United States v. Prince-Oyibo, 320 F.3d 494, 501 (4th Cir. 2003). Furthermore, the government will be prepared to proceed at trial on August 8, 2016. However, Petitioner did want to alert the Court that it's expert witness, Dr. Mark Hastings, is under subpoena to
